Our Story

Getaways in Style grew from more than 20 years of community involvement and a commitment to helping others.

The business was created in response to strong community interest in the return of organised tours and social excursions that were popular prior to COVID.

We plan and operate tailored day trips and overnight getaways for community groups, seniors groups, disability groups, gardening groups, craft groups and social groups.

Each tour is carefully planned, with attention given to transport, venues, itineraries, rest stops and overall passenger comfort. Tours are conducted using a comfortable, air-conditioned 25-seat coach, with most tours designed for approximately 12 to 18 passengers depending on the destination.

GROUP TRAVEL

Tailored tours for community groups, social clubs and special-interest organisations.
